PRODUCT DETAILS

Our all-in-one music systems combine digital radio, CD player and easy wireless connection to portable devices giving you a huge choice of listening. The space-saving designs with integrated speakers deliver ultra-clear class-leading audio and look beautiful with their simple controls and wood style finish. Evoke C-D6 offers room-filling stereo sound and packs in DAB digital and FM radio, a slot-loading CD player and includes Bluetooth for wireless playback of all your mobile music.

Turn it up

Give your music extra bass, depth and clarity so you can finally hear what you've been missing. Powerful tuned stereo speakers combine with the wood casing and the advanced digital amplifier to deliver class-leading audio. Whatever music you love, you'll love it even more with Evoke C-D6.

Enjoy your whole music collection

Despite the huge growth in music downloads, CD still offers quality and convenience that's hard to beat and there's something special about owning physical copies of your favourite albums. Evoke C-D6 includes a stylish slot-loading CD player with shuffle and repeat options, compatible with CD, CD-R and CD-RW discs.

Switch on to digital radio

DAB digital radio brings you high-detail digital-quality sound, great content, much of which is only available on digital radio, and uses scrolling text to show you track titles, programme names and more. Digital radios automatically find all your available stations and let you select them by name, and all our digital radios also include FM for any stations that have not yet gone digital. Evoke C-D6 is also Digital

Tick approved so you can rest assured that you’re ready for any future FM to digital radio switchover.

Your mobile music, no wires

Built-in Bluetooth lets you choose your favourite music, streaming service or internet radio station and play it direct from your phone or tablet without trailing wires.

And a whole load more…

There’s also a handy remote control, 20 presets for quickly selecting your favourite stations, a tone, radio or CD alarm, stereo headphone socket and an aux-in socket which lets you plug in and listen to music from your mobile or tablet.
