Switch on to digital radio
DAB digital radio brings you high-detail digital-quality sound, lots of stations (many exclusive to digital) and uses scrolling text to show you track titles, programme names and more. Digital radios automatically find all your available stations and let you select them by name, and all our digital radios also include FM for any stations that have not yet gone digital. Siesta Charge is also Digital Tick approved so you can rest assured that you're ready for any future FM to digital radio switchover.

Clear and easy viewing
Crafted with real attention to detail, Siesta Charge also boasts a stunning, CrystalVue+ display. Easy to read from anywhere in the bedroom, the ultra-clear screen automatically dims to match surrounding lightning for an undisturbed night's sleep.
