PRODUCT DETAILS

With our Internet radios, you can discover thousands of stations from all over the world and get easy access to all your favorite music. The Evoke F3 with Bluetooth connects Internet, DAB and FM radio with Bluetooth and Spotify Connect for instant access to millions of songs.

The Whole Radio World
Listen to more than 25,000 Internet radio stations from around the world as well as all your favourite DAB digital and FM radio stations with a single compact radio.

Full Audio Connection
With Spotify Connect, your Evoke F3 with Bluetooth gives you instant access to millions of songs. Use the Spotify app on your mobile phone or tablet to connect directly and control your music wirelessly. Built-in Bluetooth makes your radio a great wireless speaker. Simply select your favourite music and send it wirelessly directly from your mobile phone or tablet.

Superior Sound
The Evoke F3 with Bluetooth was manually adjusted by Pure's audio team and delivers a clearly defined, well balanced and concentrated sound for both music and speech. The bass reflex cabinet and powerful amplifier guarantee a full and powerful sound.

High-Quality Colour Display
Get excited about the ultra-clear, easy-to-read 2.4-inch colour display that displays additional information and adds colour to your listening experience.

Remote Control via Mobile Phone
Download the free Pure Select app (iOS and Android) and control the Evoke F3 with Bluetooth from anywhere in the house. A full-featured conventional remote control is also included in the box. And much more... The Evoke F3 with Bluetooth offers many other sophisticated features that you'll love. It has 20 memory slots for a quick selection of your favourite stations, a sound or radio alarm, a 3.5 mm line out and an AUX input to which you can connect your mobile phone or tablet and listen to your own music via your radio. The Evoke F3 with Bluetooth also has digital tick certification, so you'll be ready to switch from FM to digital radio in the future.
