151604

SRP £169.99

In-car audio adapter with DAB/DAB+ radio, Bluetooth music and hands-free calling

Colour 

Style **600 V2**

PRODUCT DETAILS

Our Highway in-car audio adapters are the easiest way to update the existing audio system in your car, van or truck without replacing it. Enjoy the great choice of stations and interference-free quality of DAB digital radio, plus all your favourite music from your phone, tablet or music services like Spotify on the move. Highway 600 also helps you stay connected safely, offering the convenience of hands-free calling.

More stations, digital quality

Whether you're new to digital radio or already enjoy the great choice and quality of digital radio at home you'll love listening in your car with Highway 600.

DAB digital radio brings you high-detail digital-quality sound, great content, much of which is only available on digital radio. Digital radios automatically find all your available stations and let you select them by name. Highway 600 is also Digital Tick approved so you can rest assured that you're ready for any future FM to digital radio switchover.

Update your car audio, don't replace

Designed as an easy-fit solution for the millions of vehicles on the road worldwide without digital radio, you'll find Highway 600 easy to install in your car, you won't even need any special tools, just a few simple steps and you'll be up and running.

Highway 600 works with your existing audio system using a simple aux-in cable or by transmitting over an unused FM frequency. Consisting of a sleek wireless controller that can be fixed just about anywhere, and a discreet windscreen antenna with film aerial, there's never been an easier way to enjoy digital radio, music from your phone, and hands-free calling in your car.

What's that great track?

Heard something you love on digital radio? Use the Go button on your Highway 600 digital radio adapter to tag* the track. Tagged tracks are identified and can be added directly to a Spotify playlist for you to enjoy again whenever you like.

Wireless music and hands-free calling

Enjoy your own music choice and safe mobile calling with Highway 600 thanks to built-in Bluetooth.Pair your phone or tablet with Highway and listen wirelessly to your own music collection, or your favourite music streaming service through your existing audio system. The same Bluetooth connection lets you make and take calls on the go safely and clearly thanks to the dedicated call buttons and supplied microphone.

Sleek wireless display

Choosing stations, selecting tracks and making calls are made simple with Highway’s wireless display and controller. Small and light, it is easily fitted just about anywhere and powered by two standard AAA batteries so there’s no need for trailing power or connection cables.

Personal Assistant

Set reminders, check the weather, traffic information and more at the touch of a button, without touching your phone. Speak directly to your phone’s digital assistant on your iOS or Android smartphone and hear the answer loud and clear through your car speakers.

Music on demand

Get easy in-car access to all your playlists, albums, artists and tracks on Spotify** using Highway’s clear display and simple controls.
