PRODUCT DETAILS

StreamR brings the portable enjoyment of a Bluetooth speaker with the added bonus of smart features and digital radio, enriching your listening experience even more. Take your favourite DAB+ radio stations with you wherever you go, ask Alexa for assistance and enjoy audio from multiple sources, all in a portable package that doesn't sacrifice sound quality.

Listen Your Way
Listen to playlists, podcasts and more on the go via Bluetooth or the integrated aux-in cable. Alternatively, use the aux-in cable as an antenna to enjoy digital radio from wherever – the garden, the beach, your home away from home – the possibilities are as endless as the choice of stations.

Powerfully Portable
StreamR delivers powerful, room-filling audio that also sounds great outdoors, coupled with 15 hours of battery life when fully charged. It also features Pure's unique expanding speaker design, X-SPAN, which delivers immersive 360° sound while offering greater portability and protection.

One-Touch Alexa
StreamR is one of the only portable Bluetooth speakers on the market that offers access to the Alexa voice service. The onboard microphone connects to the Pure Home App on your mobile device via Bluetooth, which connects to Alexa using Wi-Fi or mobile data, bringing the convenience of the virtual assistant with you no matter the location. From weather forecasts, to calendar scheduling and everything in between, enjoy Alexa on the move along with Bluetooth, digital radio and aux-in connectivity.
